

EXPOCAD® + Personify

Version 2.0

v. 7.x or higher

v. 7.2.1 or higher

Key Features

- Full Bi-Directional Link
- Shares All Exhibitor Data
- Confirms Exhibitor Data Match
- Customer Preferred Order Processing
- Shares All Rate Plans
- Initiate Sale from EXPOCAD® or Personify
- Reconciles & Synchronizes Floor Plan with Personify Order Entry System
- Displays & Tracks All History of Rented & Cancelled Space with Booth Details, Invoicing Status
- Includes Additional Programming Assistance If Applicable

 Premium Feature

Space Draw Synchronization Tool

Use an EXPOCAD® stand alone network on site to assign exhibit space for future shows. Run the synchronization feature when returning to the office and all data will be uploaded into Personify. Eliminates hours or weeks of post show data entry & saves on costly internet fees and issues that may occur with overloaded connections.

Private Presentations Available by Appointment

Offered Exclusively by EXPOCAD® by A.C.T. Inc.
